

**We have one belief: no one should go hungry.** Every day, we provide food to our partner agencies across Southern Colorado to serve our neighbors in need because well-fed communities are better for us all. We are working to end hunger throughout our 31-county service area.

**Last year:**

- With the help of our partner agencies and our food distribution programs, we distributed 23.7 million pounds of food, or more than 19 million meals, to 143,000 of our Southern Colorado neighbors. This is 9,000 more individuals than the previous fiscal year!

- 83% of the food we distributed was classified as highly nutritious-the largest portion of this was produce. We secured nearly 3.2 million pounds of produce from local sources.

- We doubled our cadre of volunteers throughout the course of the last five years. During our last fiscal year, we benefited from more than 16,800 instances of volunteerism, culminating in 48,692 hours.

- We were once again awarded a 4-star rating for sound fiscal management and commitment to accountability and transparency from Charity Navigator.
