A message from our CEO, Lynne

Time and time again, I am in awe of the difference we can make when our community comes together. In the first four months of the coronavirus pandemic, our team distributed 38% more food than during the same time last year. That's astounding! Even before the pandemic, hunger was a daily challenge for 1 in 9 neighbors in Southern Colorado. That number is now closer to 1 in 6.

I want to emphasize how significant your gift is. Your donation helped provide food for children who no longer had access to free and reduced-priced meals at school. It supported seniors who had to stay at home for their health. It created relief for parents who were unexpectedly laid off from their jobs, not knowing when they would get their next paycheck. Your gift provided more than food. It gave our neighbors hope.

I am so grateful that you chose to give toward our mission. Thank you for sharing in our belief that no one should go hungry.

Lynne Telford

Lynne Telford, Care and Share CEO

“Food makes me feel happy because it gives me more energy.” - Xavier

When our Mobile Market stopped by Xavier's neighborhood, the seven-year-old happily helped his mom carry a bag of food because it had one of his favorite meals in it — pizza. Due to the COVID-19 pandemic, Xavier's mom, Shayla, and her spouse were both temporarily laid off from their jobs. They've been struggling to afford enough food for their entire family. “I appreciate everything that Care and Share has done to help us out — and to the people who are stepping up to help other people, thank you. It takes a lot off me and helps me out knowing that my kids are able to eat.”
