

MOBILE APP:

InterpretManager
Business

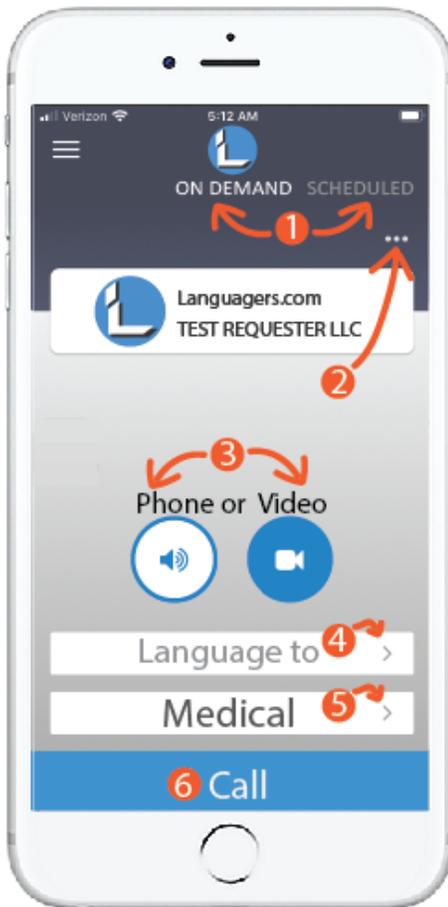

LANGUAGERS

In 'APP Store' in your mobile phone or ipad, search **Interpretmanager** – download it. Enter Email and Password to sign in. If you are unable to get the APP downloaded, use Safari or Chrome and go to **languages.interpretmanager.com** and log in.

How to call an interpreter is same as using CALLER on the computer.

How to make a PHONE or VIDEO call to an interpreter

- 1 Keep it at 'On Demand' if you didn't schedule an appointment. If you have a scheduled interpreting, 'Scheduled' will be highlighted.
- 2 Male, Female Option. It also shows that your native language is English and you can change it here.
- 3 Phone or Video
- 4 Select a language you want from dropdown. Select 'TEST' Language for a Test Run. If you need Sign Language, Select 'American Sign Language'.
- 5 Select an Industry from dropdown. Please note Legal and Medical are specialized industry types which need to be specifically permitted for each interpreter.
- 6 Press 'Call'

In your computer, you can log in any time at languages.interpretmanager.com

Whenever you encounter dropped call issues in your APP, deleting the APP and re-installing is best to ensure you are using our updated version. Be sure to have your log in email and password.

Forgot Password? Do this on your computer. Go to <https://languages.interpretmanager.com/> Type your log in email address – Enter - Click '**Forgot Password**' at the bottom.

If you have any issues, let us know at support@languages.com or call us at (800) 527-3001 Ext 3. Thank you.
