REPORTS

All of these reports can be accessed from the **Menu** in the top left by selecting **Summary Statistics**.

Snapshot Overview

This report is a summary of some key information about your neighbors. You can use the filters on the right (light blue) to look at this information for a single day, or a week, or a month, or a year, or look specifically at different programs you offer (i.e. monthly distributions vs. emergency food boxes, etc.).

Snapshot Overview

All data is adjusted based on selected filters, including the selected time range: 1/1/2024 to 2/23/2024. Last updated 2/23/2024 6:12:19 AM

Individual Demographics

This report gives you information about the age, gender & race/ethnicity of the neighbors you serve.

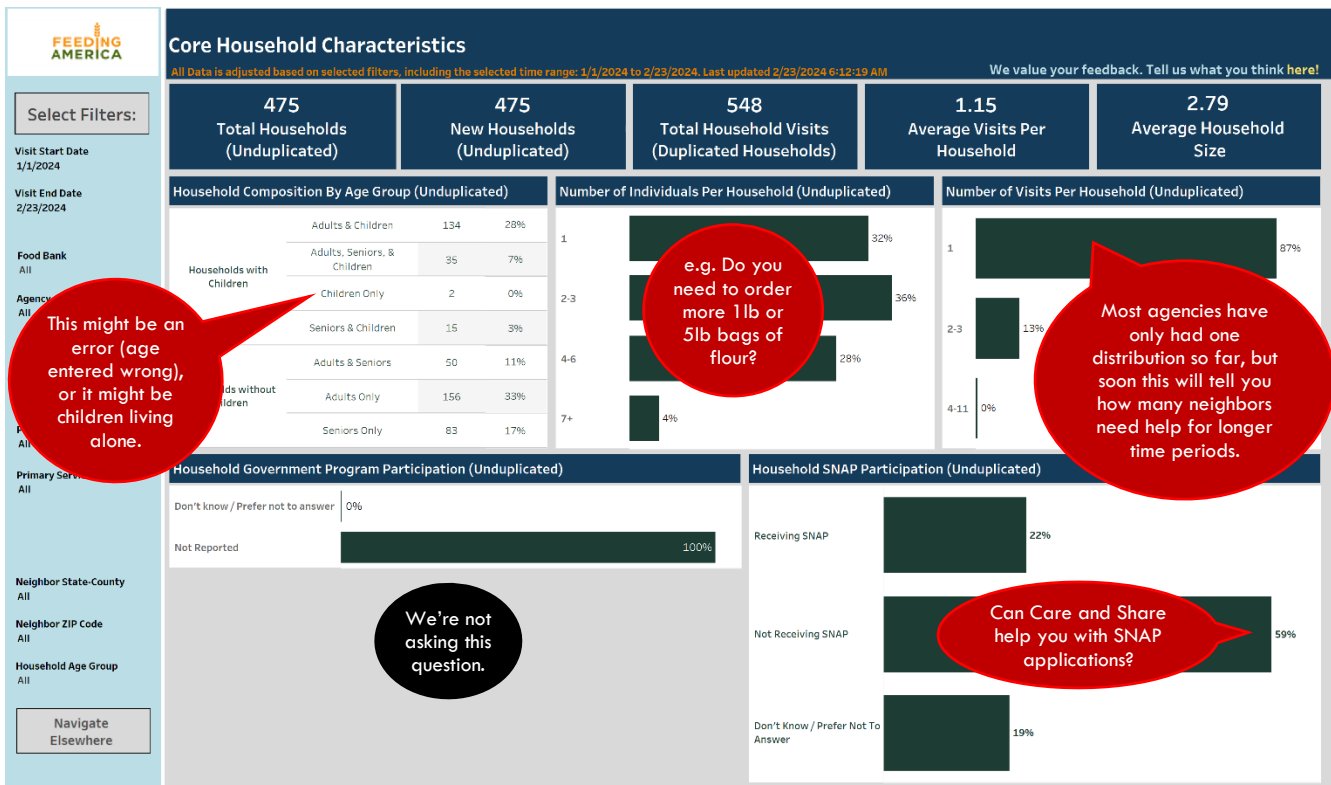

You can use this information for grant applications!

What kind of food could you order for this group of people?

Core Household Characteristics

This report gives you information about your neighbors' households.

This might be an error (age entered wrong), or it might be children living alone.

e.g. Do you need to order more 1lb or 5lb bags of flour?

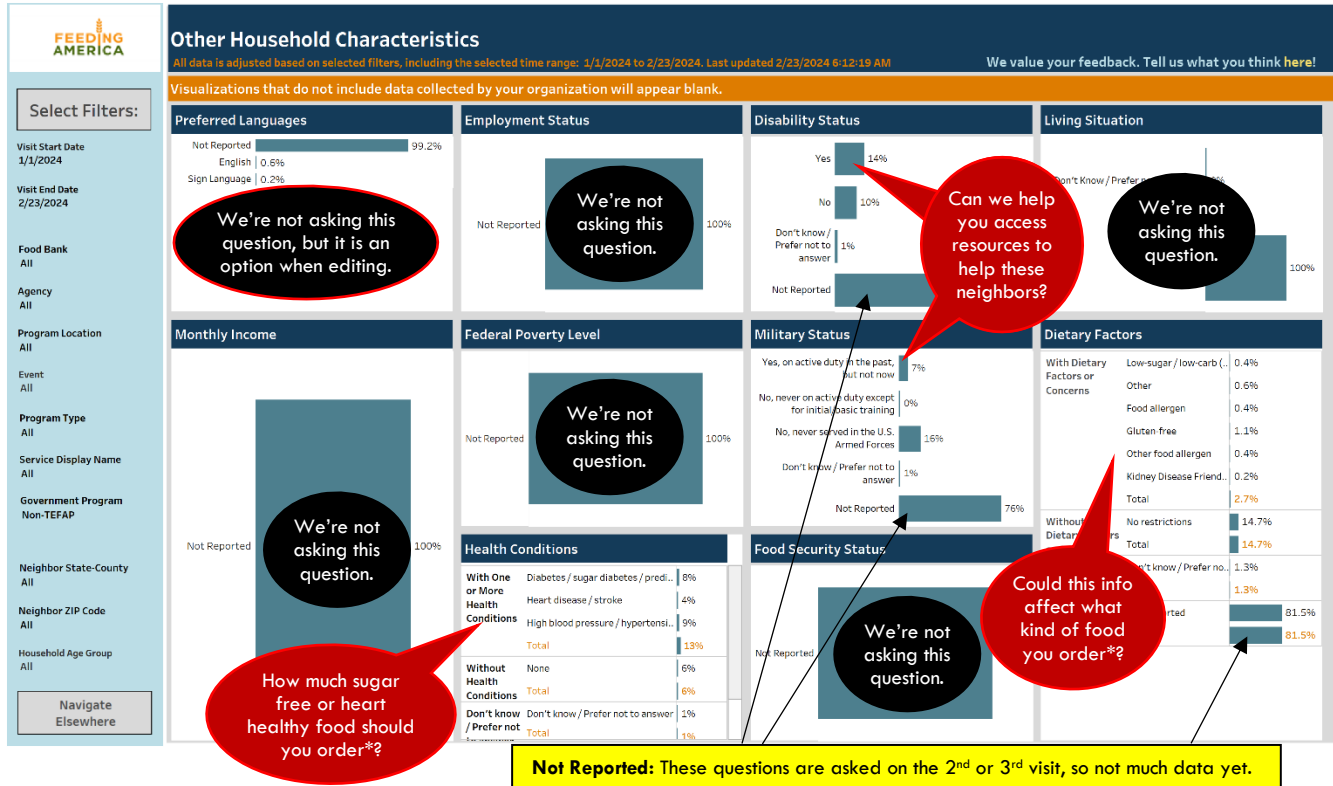

Most agencies have only had one distribution so far, but soon this will tell you how many neighbors need help for longer time periods.

We're not asking this question.

Can Care and Share help you with SNAP applications?

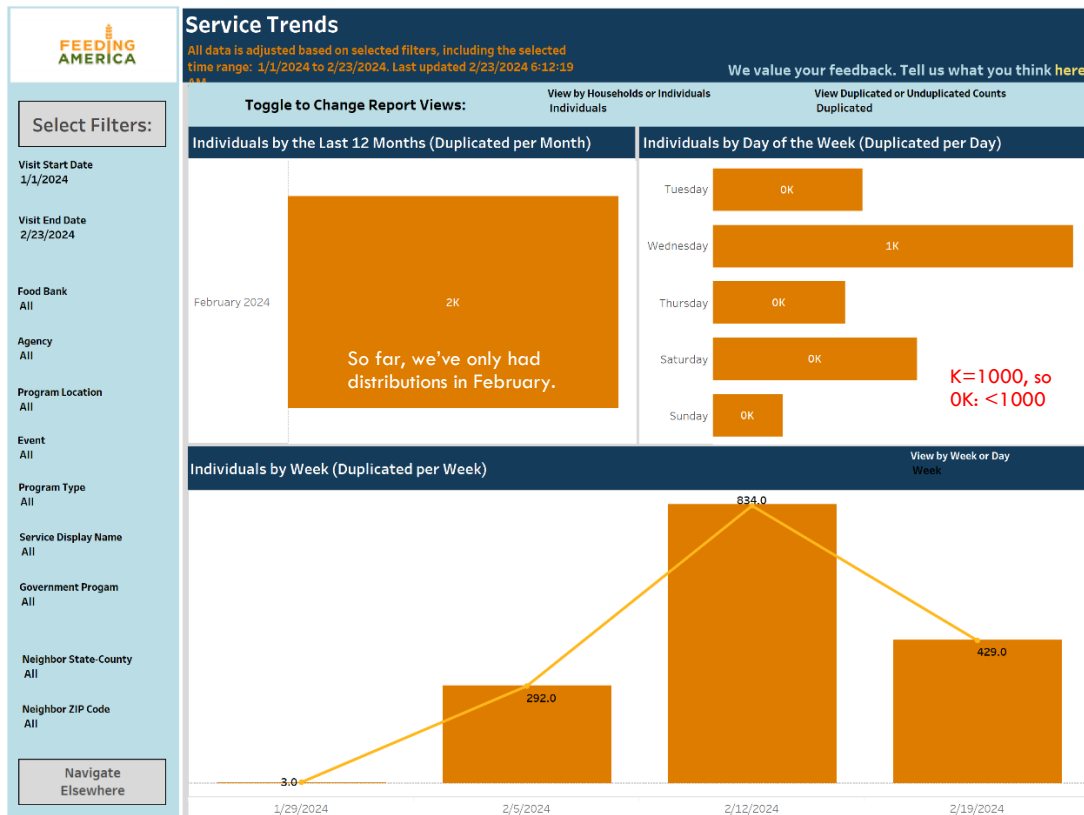

Other Household Characteristics

This report gives you information about your neighbors' households.

Service Trends

This report lets you look at when you serve the most neighbors.

Agency Attributes

This report shows totals in a variety of categories, including households, individuals, adults, seniors, children, etc.:
